## About the Course

Pete Chaney, Director of Safety & Health for the MCAA will present this hour-long seminar focusing on the latest updates and resources for mechanical construction safety. Pete will discuss the general state of industry safety affairs, OSHA recordkeeping & silica standard update. Additionally, the latest in applicable safety technology will be addressed. Pete will also provide a regulatory issues update and discuss safety resources available through MCAA in 2018.

## About Pete Chaney

Pete Chaney is Director, Safety & Health for the Mechanical Contractors Association of America, Inc. (MCAA), a position he has held for 20 years. Before joining MCAA, he worked for another construction trade association as Director of Safety and Health Services, in general industry as a safety consultant, and in the insurance industry as a loss control representative. He has a Masters Degree in Safety Management, is a Certified Safety Professional, and has 30 years of experience as an occupational safety and health professional.
