

## Coronavirus *Flash Update*: Friday, March 20, 2020

### The Latest News

- According to the CDC, U.S. COVID-19 cases exceed 10,442 and 150 U.S. deaths.
- U.S. stock market: after another roller coaster ride this week, Thursday ended with the Dow rising more than 100 points, S&P up by 11 points, and the Nasdaq up by more than 160 points.
- President Donald Trump invoked the [Defense Production Act](#) to prioritize and expand the nation's ability to produce key medical supplies such as ventilators and personal protective equipment. In addition, the Department of Defense [announced](#) the release of five million masks and other supplies from its reserves. For those wanting to understand the Act, read this A&B [blog](#).
- Last Friday, President Trump [declared](#) a national emergency under the Stafford Act, which allows the federal government to marshal additional resources and authorize greater regulatory flexibility to respond to the coronavirus outbreak.

### Emergency Funding/Supplemental/Stimulus Legislation

- On Wednesday, Congress passed the second Coronavirus Response Bill, H.R. 6201, with large majorities in both bodies. This so called 2.0 bill, followed on the heels of the \$8.3 billion Emergency Supplemental package passed two weeks ago.
  - The first bill focused on additional funding for key federal agencies responding to the coronavirus epidemic.
  - The second bill, H.R. 6201, includes provisions on low-income food/nutrition assistance, unemployment insurance, expansion of paid leave, and employer tax credits to partially offset the costs of required leave.
- Congress is moving quickly to a third bill, so called "3.0 or stimulus," which is focused on financial assistance in the billions of dollars for both individuals and industries hardest hit by the coronavirus. On Thursday, the Senate GOP leadership released a bill comprised of proposals from various Committees:
  - Senate Small Business Committee [section](#);
  - Senate Appropriations Committee [section](#);
  - Senate Finance Committee - Tax: [section](#);
  - Senate HELP Committee [section 1](#);
  - Senate HELP Committee [section 2](#);
  - Among the many items proposed, the draft legislation would provide cash payments to taxpayers of \$1,200, extend tax filing deadline to July 15, liberalize net operating loss rules, modify interest expense limitations for businesses and implement other tax code changes to assist individuals and businesses.
  - The Senate and House Democratic leadership is drafting their own 3.0 proposal which could be released today. The leadership of both bodies have indicated they want to move forward on a final package within days and we expect to see activity continue through the weekend.

## Key Administrative and Regulatory Actions

### Legal and Financial Issues

- COVID-19 has had significant impact on business planning, and the **Financial Industry Regulatory Authority (FINRA)** published guidance for its broker-dealer members regarding the impact – for the full analysis read this [advisory](#).
- The **Federal Financial Institutions Examination Council (FFIEC)** issues updated [guidance](#) specific to pandemic planning.
- Last week, the **Department of Justice (DOJ)** released a [statement](#) noting that the department is prepared to pursue “bad actors” who take advantage of the COVID-19 crisis.
- Effective March 19, the **Homeland Security Investigations** announced that Immigration and Customs Enforcement (ICE) will suspend future service of NOIs until further notice and any employers who were served NOIs during the month of March, 2020 and have not already responded will be granted an automatic extension for 60 days from effective date.
- **Organizations for Economic Cooperation and Development (OECD)** is [continuing work](#) (through virtual meetings) on digital tax issues with the objective of reaching a political decision on main elements at the July 1–2, 2020, OECD/G20 Inclusive Framework on BEPS meetings in Berlin.
- On Wednesday the **U.S. Alcohol and Tobacco Tax and Trade Bureau (TTB)** [issues](#) tax exemption for production of hand sanitizers by distilled spirit permittees.
- **Internal Revenue Service (IRS)** [Notice](#) 2020-17 Extending the time for Income Tax payments: The Treasury Department and IRS have extended the due date for Federal income tax payments due April 15, 2020, to July 15, 2020, for payments due of up to \$10 million for corporations and up to \$1 million for individuals—regardless of filing status—and other unincorporated entities. Associated interest, additions to tax, and penalties for late payment are also suspended until July 15, 2020.
  - **IRS** [announced](#) that coronavirus related testing and treatment costs can be covered by high-deductible health plans (HDHP) without jeopardizing their status.
  - **U.S. Tax Court** cancels trial sessions and closes court to the public. IRS suspended all non-essential travel for 30 days unless “mission critical,” and IRS Chief Counsel approved telework for employees.
- On Tuesday the **Federal Trade Commission (FTC)** [released a statement](#) that they were taking a “variety of measures to respond to the new and challenging circumstances associated with the COVID-19 coronavirus crisis.”
- The House Energy and Commerce Committee Chair Frank Pallone, Jr. (D-NJ), Judiciary Committee Chair Jerrold Nadler (D-NY), Subcommittee on Antitrust, Commercial and Administrative Law Chair David N. Cicilline (D-RI), and Subcommittee on Consumer Protection and Commerce Chair Jan Schakowsky (D-IL) sent the FTC a [letter](#) urging them to take steps to protect American consumers from price gouging during the COVID-19 pandemic.
- **Federal antitrust agencies to extend merger reviews.** On March 17, the **Department of Justice Antitrust Division (DOJ)** [announced](#) it will be asking some merging parties to voluntarily grant the DOJ an additional 30 days to investigate. This comes one day after the director of the **Federal Trade Commission’s (FTC) Bureau of Competition** posted a [notice](#) explaining that parties should expect the FTC to reach out to discuss “appropriate modifications of statutory or

agreed-to timing arrangements” in its antitrust investigations, while reserving the right to seek court relief if extensions are not provided. Also on March 17, the agencies began receiving federal pre-merger notification (Hart-Scott-Rodino Act) filings exclusively via electronic submission, and [announced](#) that no “early terminations” will be granted until further notice. Therefore, even transactions that don’t pose significant antitrust concerns cannot close before the expiration of the full statutory waiting period (typically 30 days).

- Understanding **how federal agencies will review merger transactions during the coronavirus outbreak has business and legal implications**. The A&B mergers & Acquisitions Group [examines](#) what you need to know.
- **Mortgage-backed and asset-backed securities** are beginning to feel the impact of the coronavirus outbreak. To understand the basic disclosures to consider with any securitization read this [advisory](#).
- Last week, the **Securities and Exchange Commission (SEC)** issued an [order](#) giving relief to some companies that cannot timely file their reports due to concerns, including the need to update risk disclosures in response to business threats.
- The SEC released staff guidance last week to assist issuers’ compliance with federal proxy and annual meeting rules. Additional detail and analysis is provided in this A&B [advisory](#).
- Securities litigation is likely to be impacted by the coronavirus and is reviewed in this A&B [advisory](#).
  - One securities class action lawsuit has already been filed against Norwegian cruise lines, its CEO and its CFO, as shareholders allege the company made false and misleading statements regarding the impact of the coronavirus and the company’s focus on customer safety during the outbreak of the coronavirus pandemic.
  - For the many Firm clients that have experienced sharp stock price drops in recent days, the C-level management and board members will be concerned about their personal liability. One important thing for them to consider is the scope of D&O insurance coverage for potential shareholder lawsuits, and we regularly assist clients in evaluating that coverage.

## International Business and Trade

- With possible disruptions impacting business operations in China and elsewhere, as well as disruption for U.S. companies relying on the supply of both component parts and finished goods outside the U.S., the question is whether the coronavirus is a **force majeure** event that will excuse their nonperformance. For information see this A&B [advisory](#).
- No announcement or guidance has been released on COVID-19 related disruptions to imports or exports, but there has been some talk of U.S. trading agencies suspending some overseas travel. Per **DHS/TSA/Coast Guard**, shipping does not yet appear to be impacted—each U.S. port director is determining what ships to let in, and many are allowing all in (although prohibitions for certain crew members from leaving the ship while in U.S. ports has occurred).
- Last week President Trump [expanded](#) the travel ban to include travelers from Europe, the U.K., and Ireland for 30 days (U.S. citizens and individuals legally in the U.S. are excluded).
- Yesterday the U.S. State Department indicated they were set to [announced](#) a level four travel advisory applying to all international travel.

- On a call held March 13, U.S. **Customs and Border Protection's** ("CBP") said cargo operations remain mostly unaffected by the COVID-19 pandemic.
  - There are no additional screening requirements for cargo because medical professionals have advised that COVID-19 is transmitted by people not cargo.
  - CBP headquarters staff have been directed to work from home, if able, starting March 16. If more CBP staff is exposed, ill, or impacted personally by school closures and the like, cargo processing could be affected.

## Workplace & Home Issues

- **Shelter-in Place** orders are being released in multiple state and local jurisdictions initially started earlier this week in several California bay area counties. California's Governor Gavin Newsom released a statewide order on Thursday and similar orders are being released in other state and communities, including the State of Nevada and counties in Colorado, Illinois, and Oregon.
  - For those asking how to define "federal crucial infrastructure sectors" the Department of Homeland Security's Cyber Infrastructures division [outlines](#) 16 sectors.
  - These orders challenge business to understand who is an "essential business" and other implications and to understand the business and legal implications, read this A&B [advisory](#).
- Cyberhygiene has become a focus in the workplace and for those working from home — [here](#) are six practical tips to stay protected during the coronavirus outbreak.
- The **construction industry** is confronting multiple coronavirus related crises—to understand the trends read this A&B [advisory](#) on the five best practices.
- **Environmental Protection Agency (EPA)** has identified [274 disinfectant products](#) that can be used against SARS-CoV-2 (the cause of COVID-19). Some products kill the virus in 15 seconds while others require at least 10 minutes.
- EPA created a website, [Coronavirus and Drinking Water and Wastewater](#), which states that the risk to water supplies from the COVID-19 virus is low, and "Americans can continue to use and drink water from their tap as usual."
- The **Department of Labor (DOL)** released [guidance](#) last week on preparing the workplace for COVID-19.
- The Coronavirus Response Act requires certain employers to provide paid leave to employees impacted by the coronavirus and new refundable tax credits to employers. To understand these changes this A&B [advisory](#) provides FAQs on **Emergency Paid Sick Leave Act, Emergency Family and Medical Leave Expansion Act**, and the tax credits for employers related to both.
- Employers and employees considering domestic travel decisions can find information in this A&B [advisory](#).
- On Thursday, the **Cybersecurity and Infrastructure Security Agency (CISA)** released [guidance](#) to help state and local jurisdictions and the private sector identify and manage their essential workforce while responding to COVID-19.
- **Occupational Safety and Health Administration (OSHA)** updated its [website](#), clarifying that no special precautions (beyond existing requirements) are required for municipal solid waste and recycling suspected or known to contain or be contaminated with COVID-19.

- Large employers are assessing policies and potential liability to ensure a safe and secure workplace. The CDC has [released](#) guidance for employers related to employee information on COVID-19.

## Cyber Security & Privacy

- On March 18, five Democratic senators sent [letters](#) to the White House and Google's parent company, Alphabet, Inc., expressing concern about the **privacy of users of the company's COVID-19 screening site**.
- Responding to reports that the federal government is considering using customer location data from companies including Google, Facebook, IBM and others in combatting COVID -19, [Senator Markey](#) urged the White House Office of Science and Technology Policy to consider consumers' privacy interests.
- The Ohio Attorney General issued a [warning](#) about Coronavirus related scams and how consumers can avoid them.
- With cybersecurity, there's more than a virus in the air— there's malware and spyware too. To better understand the proactive steps **Health Insurance Privacy and Accountability Act (HIPAA)** covered entities and business associates can take to protect their systems and their clients' information during the coronavirus pandemic, read this A&B [advisory](#).
- The expanded use of working from home using remote access resources has companies increasing the need to guard against cybersecurity threats. For an overview of issues to consider and prepare for, visit [COVID-19 and Cyber](#).

## Healthcare

- On Thursday, Department of Health and Human Services Secretary Alex Azar [hosted](#) a call on COVID-19 response with his counterparts from the G7 countries.
- Last Friday the **U.S. Citizenship and Immigration Services** posted an [announcement](#) clarifying that any treatment or preventive services related to COVID-19 will not negatively affect any individual as part of a future Public Charge analysis.
- The **Occupational Safety and Health Administration (OSHA)** is providing this temporary [guidance](#) regarding required annual fit-testing allowing enforcement discretion, which is to take effect from the date of this memorandum and remain in effect until further notice.
- **Centers for Medicare & Medicaid Services (CMS)** has created a [website](#) for all coronavirus related documents, including the CMS national emergency [guidance](#). Several new items since last Wednesday include:
  - **Waivers:** Further information continues to be released on blanket waivers after the initial [guidance](#) last Friday following the national emergency executive order. A Wednesday A&B [Advisory](#) on the section 1135 waivers provides background, how to request them, EMTALA considerations, overview of Medicaid and CHIP 1135 waivers, and guidance for health care providers and suppliers.
    - On Tuesday, CMS approved its first 1135 waiver in [Florida](#), and on Thursday, [Washington](#) State's request was approved. CMS has posted a [toolkit](#) on 1135 waivers.

- CMS released [recommendations](#) Wednesday on adult **elective surgeries and non-essential procedures**. This [release](#) provides details including that decisions will be made at the local level by the clinician, patient, hospital, and state and local health departments.
- On Thursday, CMS [announced](#) that the implementation of the Minimum Data Set 3.0 v1.181 for **nursing home and swing bed providers** set for October 1, 2020 was now delayed.
- To clarify **COVID-19 coverage** for the diagnosis and treatment, CMS released late Wednesday [FAQs](#) on Catastrophic Health Coverage; the agency states that it will not enforcement action against any health issuer that amends its catastrophic plans to provide coverage without imposing cost-sharing requirements for COVID-19 related services before an enrollee meets the catastrophic plan's deductible. CMS also notes that the use of enforcement discretion and the FAQs issued align with the IRS guidance [released](#) last week which provides flexibility to high deductible plans to provide COVID-19 health benefits without applying a deductible or cost-sharing.
- New **telehealth guidance** was announced this week broadening access to Medicare telehealth service regardless of patient residence and covering a wide range of services. The telehealth waiver has been expanded, states can cover telehealth without approval, and HIPAA rules will be relaxed, and penalties waived. Factsheets related to these changes:
  - CMS [telehealth FAQs](#)
  - HHS 1135 HIPAA waiver [factsheet](#)
  - HHS Notice of Enforcement Discretion [factsheet](#)
  - HHS Office of Civil Rights [bulletin](#)
  - [Guidance](#) on Business Associate Agreements
  - HIPAA Security Rule [safeguards](#)
- CMS released updated [FAQs](#) for state Medicaid and Children's Health Insurance Program (CHIP) Agencies. The revised document includes answers to questions related to the flexibilities CMS is affording to states in managed care, benefits, financing, 1115 demonstrations, and leveraging "1135" waivers.
- On Monday, CMS announced steps to improve testing of patients in emergency departments with a [memorandum](#) for Medicare participating hospitals, and the agency released a [factsheet](#) on telehealth benefits for Medicare beneficiaries. CMS also released a [memorandum](#) regarding EMTALA, allowing for alternative testing sites and other guidance.
- CMS announces new [guidance](#) on nursing home patients and visitors.
- Late Tuesday, CMS released [guidance](#) to Program of All-Inclusive Care for the Elderly (PACE) Organizations
- Information and [FAQs](#) for individuals, issuers, and states on COVID-19 health coverage benefits.
- [Guidance](#) for health care workers on protective masks. This release included a [memorandum](#) to state survey agencies who inspect nursing homes and other health care post-acute and acute facilities.
- [Guidance](#) regarding health care workers in home health agencies and dialysis centers.

- CMS issued [guidance](#) to help Medicare Advantage and Medicare Part D plans respond to COVID-19.
- The **Department of Health and Human Services (HHS) Office of the Assistant Secretary of Preparedness and Response (ASPR)** [announced](#) last week that a diagnostic test for COVID-19 was nearing completion and would process up to 1,000 tests in 24 hours. Since this March 9 announcement, FDA has given four companies emergency approval for coronavirus diagnostic tests and assays (Roche Holding, Thermo Fisher, Hologic, and LabCorp).
  - One week after the **Food and Drug Administration's (FDA)** announcement that it was postponing most foreign inspections through April, FDA Commissioner Hahn [announced](#) that the Agency will scale back domestic inspections for all FDA-regulated products, including drugs, devices, biological products, foods, animal feed and tobacco. For a deeper dive on industry considerations to these delays, review this A&B [analysis](#).
  - On Thursday, during a White House FDA press briefing, President Trump provided optimism about accelerated testing of drugs to treat coronavirus, specifically referencing two drugs (chloroquine and hydroxychloroquine) that are currently approved to treat malaria and severe arthritis. However, Commissioner Hahn harkened on his career as a cancer doctor and cautioned that while it was important to provide hope, it was equally important not to provide “false hope.” Commissioner Hahn stated that while a vaccine trial was underway, it was only in Phase 1, and that such trial would take at least 12 months to complete.
  - Speaking of clinical trials, earlier this week, FDA [issued](#) a “FDA Guidance on Conduct of Clinical Trials of Medical Products during COVID-19 Pandemic,” to assist sponsors in assuring the continued safety of trial participants, while minimizing risks to trial integrity, and maintaining compliance with good clinical practices (GCPs) during the pandemic.
  - FDA has added respirators to its authorized [list](#).
  - To assist in the conservation of masks and gowns the FDA has provided [strategies](#).
  - Earlier this week, FDA [announced](#) new authority for states to develop diagnostic tests for COVID-19 so that laboratories will not be required to engage with the FDA and for commercial developers once granted emergency use.
  - The FDA acknowledged the growing shortages of personal protective equipment, and an A&B analysis of the agency’s FAQs is available [here](#).
  - Also last week, the FDA and the FTC [issued](#) warning letters to seven companies for selling fraudulent COVID-19 products.
- The **Health Resources and Service Administration (HRSA)** [launched](#) an information collection effort on Wednesday to support the response to COVID-19 pandemic by surveying HRSA-funded health centers on their response. This information collection effort was initiated pursuant to today’s [waiver](#) of the Paperwork Reduction Act.
- The **Centers for Disease Control and Prevention (CDC)** released its latest [guidance](#) on Personal Protective Equipment (PPEs). And on Wednesday, the CDC released **updated** [guidance](#) on strategies for optimizing the use of eye protection, isolation gowns, facemasks, and N95 respirators.
  - The CDC also updated its infection control [guidance](#).

- Developed new [guidance](#) on the use of respirators beyond manufacturer designated shelf life.
- The CDC's [FAQs](#) for health professionals.
- The CDC's latest [guidance](#) on Lab Biosafety Guidelines.

## Other News

- Hospitals and other providers are feeling the surge with many facilities at capacity. Many critical items are in short supply, including ventilators, N95 respirators, COVID-19 tests, swabs, and personal protective equipment. The need to expand the workforce, find space for testing and quarantines, and expand services is requiring a significant use of hospital reserves. The loss of elective services is further undermining the bottom line and can disproportionately impact small and rural hospitals.
- The **Joint Commission on Accreditation for Healthcare Organizations (The Joint Commission)** announced it was suspending surveying in response to the coronavirus outbreak. The suspension is expected to last through April.
- The **National Waste & Recycling Association (NWRA)** asked the Federal Highway Administration (FHWA) to issue guidance to states to allow hauling of extra heavy loads of COVID-19 waste via special permits.
  - The NWRA asked the **Federal Motor Carrier Safety Administration (FMCSA)** to include medical waste haulers in the exemption from Hours of Service regulations.
  - The **Healthcare Waste Institute (HWI)** of the NWRA has asked states to grant flexibility for Regulated Medical Waste (RMW) handling to extend maximum storage times at health care and treatment facilities and allow storage of large quantities at treatment facilities.
